## INDEPENDENT AUDITORS' REPORT

### Report on the Audit of the Financial Statements

#### ***Opinion***

We have audited the accompanying financial statements of the Baltimore City Community College WBJC-FM Radio (the Station), an enterprise fund of Baltimore City Community College, as of and for the years ended June 30, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the Station's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Station as of June 30, 2022 and 2021, and the respective changes in financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Station, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Emphasis of Matter***

As discussed in Note 1, the financial statements of the Station are intended to present the financial position, the changes in financial position, and cash flows of only that portion of the business-type activities of Baltimore City Community College that is attributable to the transactions of the Station. They do not purport to, and do not, present fairly the financial position of Baltimore City Community College as of June 30, 2022 and 2021, the changes in its financial position, or its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Station's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Management's Discussion and Analysis**

#### **Years Ended June 30, 2022**

In accordance with Governmental Accounting Standards Board (GASB), the management of Baltimore City Community College (BCCC or the College) presents this Management's Discussion and Analysis of the financial statements of the Baltimore City Community College WBJC-FM Radio (the Station) for the years ended June 30, 2022 and 2021.

### **Overview of the Financial Statements and Financial Analysis**

The Management's Discussion and Analysis (MD&A) provides an overview of the financial position and activities of the Station for the years ended June 30, 2022 and 2021 with 2020 for comparative purposes, and should be read in conjunction with the financial statements and notes thereto. This overview is required by GASB, by a primary government or component but is not required by the Station; however, management has elected to provide one. The MD&A, financial statements and notes thereto, are the responsibility of the Station's management. The Station is operated by Baltimore City Community College (a component unit of the State of Maryland) located in Baltimore City, Maryland.

### **Financial Highlights**

The financial statements provide both short-term and long-term information about the Station's overall financial condition in a manner similar to those of a private-sector business. The statements include a statement of net position and a statement of revenue, expenses, and change in net position that are designed to provide financial information about the activities of the Station presented on the accrual basis of accounting. The statement of net position provides information about the Station's financial position, its assets and liabilities, using an economic resources measurement focus. The difference between the assets and liabilities, the net position, is one way to measure the Station's financial health. The statements of revenue, expenses, and change in net position present information about the change in the Station's net position, and the results of operations during the fiscal year. An increase or decrease in net position can be an indication of whether the Station's financial health is improving or deteriorating.

Pursuant to GASB, the Station's financial statements consist of the statement of net position; the statement of revenue, expenses, and change in net position; the statement of cash flows; and notes to the financial statements. In addition to the financial statements, the MD&A is included as required supplementary information.

*Statement of Net position*

One of the most important questions asked about the Station's finances is, "Is the Station, as a whole, better or worse off as a result of the year's activities?" The statement of net position and the statement of revenue, expenses, and change in net position report information on the Station as a whole and on its activities in a way that helps answer this question. When revenue and other support exceed expenses, the result is an increase in net position. When the reverse occurs, the result is a decrease in net position. The relationship between revenue and expenses may be thought of as the Station's operating results. These two statements report the Station's net position and changes in them. You can think of the Station's net position, the difference between assets and liabilities, as one way to measure the Station's financial health, or financial position. Over time, increases or decreases in the Station's net position are one indication of whether its financial health is improving or deteriorating. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector institutions. All of the current fiscal year's revenue and expenses are taken into account regardless of when cash is received or paid.

As of June 30, 2022, the Station's financial health remains strong, with assets exceeding liabilities by \$3,953,265. This compares with total net position of \$3,650,147 as of June 30, 2021. The table below presents summary-level information of the Station's assets, liabilities, and net position as of June 30, 2022 and 2021.

## Management's Discussion and Analysis Years Ended June 30, 2022

### *Statement of Net position (continued)*

A review of the statements of net position reveal that the total net position of the Station increased by \$303,118 for the year ended June 30, 2022, compared to June 30, 2021. Total net position increased by \$339,290 for the year ended June 30, 2021, compared to June 30, 2020. Unrestricted net position represents the portion of assets, after factoring into account liabilities, which can be used to meet ongoing obligations and fund new initiatives.

### *Statement of Revenue, Expenses, and Changes in Net position*

Changes in total net position as presented on the statements of net position are based on the activity presented in the statements of revenue, expenses, and changes in net position. The purpose of this statement is to present the revenue received by the Station, both operating and non-operating; the expenses paid by the Station, operating and non-operating; and any other revenue, expenses, gains and losses received or spent by the Station.

WBJC-FM RADIO**

**Management's Discussion and Analysis  
Years Ended June 30, 2022**

***Operating Revenues (Continued)***

Changes in operating revenue were due to the following factors:

- Subscription and membership revenue decreased by \$33,289 or 2.3% to \$1,411,077 for fiscal year 2022, compared to fiscal year 2021. Subscription and membership revenues increased \$139,809 or 10.7% to \$1,444,366 for fiscal year 2021, compared to fiscal year 2020.
- Administrative support increased by \$31,188 for fiscal year 2022, compared to fiscal year 2021, and increased by \$57,938 for fiscal year 2021, compared to fiscal year 2020. In fiscal year 2020, the requirements for the calculations were changed by the oversight agency, the Corporation for Public Broadcasting to simplify the process.
- Other income consists of underwriting, matching and miscellaneous income, which increased by \$74,082 to \$174,923 for fiscal year 2022, when compared to fiscal year 2021, and decreased by \$81,975 to \$100,841 for fiscal year 2021, when compared to fiscal year 2020. The primary reason for the increase in fiscal year 2022 is that underwriting revenue returned to it a more normalized number making it comparable to fiscal year 2020.

***Non-Operating Revenue***

Changes were due the following factors:

- The Community Service Grant (CSG) increased by \$3,420 and other grants decreased by \$11,208 for fiscal year 2022, when compared to fiscal year 2021. CSG decreased by \$27,009 and other grants increased by \$10,207 or fiscal year 2021 when compared to fiscal year 2020. The American Rescue Plan Stabilization Grant was used in fiscal year 2022 while the CARES ACT Fiscal Stabilization Grant was used in fiscal year 2021. Both grants were provided by Congress to help public radio stations to prevent, prepare for, and respond to COVID-19. CSG is based on the Federal formula applicable to the amount of Non-Federal Financial Support (NFFS) the Station received two years prior to the current fiscal year.

***Operating Expenses***

The Station has chosen to report the expenses in their functional classification on the statements of revenue, expenses, and changes in net position and has displayed the natural classification in the notes to the financial statements. Operating expenses are detailed by employee costs, other payments, and depreciation expense in the notes to the financial statements, in order to provide an alternative presentation of operating expenses.

***Operating Expenses (Continued)***

Operating expenses for the Station for the respective fiscal years are shown in the following table:

	<b>Years Ended June 30</b>	
	<b>2022</b>	<b>2021</b>
<b>Programming and production</b>	<b>\$ 482,118</b>	<b>\$ 504,161</b>

<b>Total Operating Expenses</b>	<b><u>\$ 1,791,391</u></b>	<b><u>\$ 1,678,866</u></b>

Operating expenses in fiscal year 2022 amounted to \$1.79 million, reflecting a net increase of \$112,525 when compared to fiscal year 2021. In comparison, operating expenses in fiscal year 2021 amounted to \$1.68 million, reflecting a net increase of \$168,697 when compared to fiscal year 2020. Changes were the result of the following factors:

- Increase in salaries and benefits,
- Increase in administrative support.

#### *Operating Expenses (Continued)*

The following chart provides a graphical presentation of expenses by category for fiscal years 2022 and 2021:

#### *Statement of Cash Flows*

Another way to assess the Station's financial health is to look at the statement of cash flows. Its primary purpose is to provide relevant information about the cash receipts and cash payments of an entity during a period. The statement of cash flows also helps users assess:

- An entity's ability to generate future net cash flows,
- An entity's ability to meet its obligations as they come due,
- An entity's need for external financing.

## **WBJC-FM RADIO**

### **Notes to the Financial Statements**

#### **For the Year Ended June 30, 2022**

## **1. REPORTING ENTITY**

The WBJC-FM Radio Station (the Station or WBJC) is operated by Baltimore City Community College (the College or BCCC) (a component unit of the State of Maryland), located in Baltimore City, Maryland. The College is governed by its Board of Trustees (the Board); the Board is appointed by the Governor of the State of Maryland (the State), with the advice and consent of the Maryland State Senate. The Station is operated as a separate department of the College. Accordingly, the Station's financial statements are combined and reported in the College's financial statements for the year ended June 30, 2022. The Station's financial statements as of and for the year ended June 30, 2022 are intended to present that portion of the College's financial position, and the change in financial position and cash flows, that are attributable to the Station's transactions.

### **Relationship with the College**

Administrative support from Baltimore City Community College consists of allocated financial costs and certain other expenses incurred by the College on behalf of the Station, and are reported as operating revenue and expenses in accordance with valuation guidelines prescribed by the Corporation for Public Broadcasting. Revenue and expenses for administrative support totaling \$377,840 were reported for the year ended June 30, 2022. This allocation from the College is not necessarily representative of the Station's cost as if they were a stand-alone entity and could significantly change in the future.

The Station's accompanying financial statements are not indicative of the Station as if it were a stand-alone entity.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of Accounting**

The Station's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenue is recognized when earned, and expenses are recorded when an obligation has been incurred.

### **Cash and Cash Equivalents**

Cash and cash equivalents include demand deposits with financial institutions, as well as highly liquid investments that are both readily convertible to known amounts of cash and are so near to their maturity that they present an insignificant risk of changes in value because of changes in interest rates. Only investments with an original maturity of three months or less satisfy the criteria for cash equivalents. Funds invested with the Maryland State Treasurer are considered cash equivalents.

**Unearned Revenue**

Unearned revenue includes amounts received from grant sponsors that have not yet been earned.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Station to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingencies as of the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

**Investments**

Investments with readily determinable fair values are reported at fair value in the statements of net position. Gains and losses on investments for the year are reported in the statement of revenue, expenses, and changes in net position as part of unrealized gain (loss) on investments.

**Capital Assets**

Capital assets are recorded at cost at the date of acquisition, or acquisition value at the date of donation. The Station's capitalization policy includes all equipment with a unit cost of \$100 or more, and an estimated useful life of greater than one year. Depreciation is recorded on a straight-line basis over the estimated useful lives of the assets. The useful lives of the following categories of capital assets are as follows:

Transmission antenna	40 years
Studio and other equipment	5-15 years
Furniture and fixtures	5-15 years

**Leases - Lease agreements**

Lease agreements are included in the statement of net position as capital assets (lease assets) and leases payable. Lease assets represent the College's right to use an asset for the specified lease term. Lease assets and liabilities are recorded on the present value of expected payments over the term of the leases.

**Compensated Absences**

Compensated absences are accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as compensated absences in the statements of net position and as a component of the appropriate functional category of expense in the statement of revenue, expenses, and changes in net position.

**Net Position**

The Station's net position is classified as follows:

*Net Investment in Capital Assets*

This represents the Station's total investment in capital assets, net of related debt.

*Unrestricted Net Position*

Unrestricted net position represents cumulative resources derived from subscription and membership income, grants from various sources include the Corporation for Public Broadcasting, various foundations, non-profits and for profit organizations, and donations from individuals, foundations, non-profits, and for profit organizations.

*Restricted Net Position*

Restricted net position consists of amounts that are restricted to specific purposes when constraints are placed on the use of resources by constitution, external resource providers, or through enabling legislation. The Station has no restricted Net Position as of June 30, 2022.

**Classification of Revenue and Expenses**

The Station has classified its revenue as either operating or non-operating according to the following criteria:

*(1) Operating*

Operating revenue includes activities that have the characteristics of exchange transactions, such as subscription and membership income and other income.

*(2) Non-operating*

Non-operating revenue include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as

non-operating revenues by generally accepted accounting principles, such as community service grant from Corporation of Public Broadcasting, and other grants.

**Risk Management**

The Station is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to and illnesses of employees; and natural disasters. The Station, through the College, participates in the State's various self-insurance programs. The State is self-insured for general liability, property and casualty, workers' compensation, environmental and antitrust liabilities, and certain employee health benefits.

The State allocates the cost of providing claims servicing and claims payment by charging a "premium" to the College based on a percentage of the College's estimated current-year payroll or based on the average loss experienced by the College. This charge considers recent trends in actual claims experience of the State as a whole and makes provisions for catastrophic losses.

**Change in Accounting Principle**

In June 2017, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 87, Leases. This standard requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and as inflows or resources or outflows of resources recognized based on the foundational principle that leases are financing of the right to use an underlying asset. Under this standard, a lessee is required to recognize a lease liability and an intangible right-to-use asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

The Station adopted the requirements of the guidance effective July 1, 2021 and has applied the provisions of the standard to the beginning of the period of adoption. Adoption of the standard result in an increase in right-to-use assets and an offsetting liability in the amount of \$291,671 as of June 30, 2022. There was no impact on net position or change in net position as a result of the implementation of this standard.

**3. CASH**

As of June 30, 2022, the Station had cash on deposit in an internal pooled cash account with the Maryland State Treasurer (Treasurer) in the amount of \$3,493,403. The Treasurer has statutory responsibility for the State's cash management activities. The Treasurer maintains these and other State agency funds on a pooled basis in accordance with State statutes. As of June 30, 2022, the Station's amount due from the Treasurer was less than 1% of total deposits with the Treasurer. For additional information on cash risk, see the State of Maryland Comprehensive Annual Financial Report for the year ended June 30, 2022.

Cash of June 30, 2022, consisted of the following:

Cash in Bank	\$	-
Held by Treasurer		<u>3,493,403</u>
<b>Total Cash</b>	<b>\$</b>	<b><u>3,493,403</u></b>

Cash in the bank was fully covered by deposit insurance.

**4. INVESTMENTS**

The Station categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

**4. INVESTMENTS (Continued)**

The Station has the following recurring fair value measurements as of June 30, 2022:

		Quoted Prices in		
		Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Fair Value			
Stock	\$ 58,516	\$ 58,516	\$ -	\$ -
Bonds	338	338	-	-
<b>Total Investments</b>	<b>\$ 58,854</b>	<b>\$ 58,854</b>	<b>\$ -</b>	<b>\$ -</b>

***Interest Rate Risk***

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Station adheres to the State Treasurer's policy for managing its exposure to fair value loss arising from increasing interest rates.

The State Treasurer's investment policy states that to the extent possible, it will attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the State Treasurer will not directly invest in securities maturing more than five years from the date of purchase.

***Credit Risk***

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Station's policy for reducing its exposure to credit risk is to comply with the State Treasurer's policy, which requires that the State Treasurer's investments in repurchase agreements be collateralized by U.S. Treasury and agency obligations. In addition, investments may be made directly in U.S. Treasuries or agency obligations.

***Concentration of Credit Risk***

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The Station's policy for reducing this risk of loss is to comply with the State Treasurer's policy, which limits the amount of repurchase agreements to be invested with

a particular institution to 30% of the portfolio. Otherwise, there is no limit on the amount that may be invested in any one issuer.

***Custodial Credit Risk – Deposits***

Custodial credit risk is the risk that, in the event of a bank failure, the Station's deposits may not be returned to it. Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are (a) uncollateralized, (b) collateralized with securities held by the pledging financial institution, or (c) collateralized with securities held by the pledging financial institutions' trust department or agent but not in the Station's name. The Station does not have a formal deposit policy for custodial credit risk, but follows the State Treasurer's policy which states that the State Treasurer may deposit in a financial institution in the State, any unexpended or surplus money in which the State Treasurer has custody. As of June 30, 2022, 100% of the Station's cash was deposited with the State Treasury and was not subject to custodial risk.

**7. RETIREMENT PLANS**

Certain employees of the College are provided with pensions through the Employees Retirement System of the State of Maryland (ERS) - a cost-sharing multiple-employer defined benefit pension plan administered by the Maryland State Retirement and Pension System (MSRPS). The State Personnel and Pensions Article of the Annotated Code of Maryland (the Article) grants the authority to establish and amend the benefit terms of TPS and ERS to the MSRPS Board of Trustees. MSRPS issues a publicly available financial report that can be obtained at [www.sra.state.md.us/Agency/Downloads/CAFR/](http://www.sra.state.md.us/Agency/Downloads/CAFR/).

**8. RIGHT TO USE ASSET/LEASE LIABILITY - LEASES**

**Lease Agreements** – The Station leases land and space from external parties for various terms under long-term, non-cancelable lease agreements. The leases expire at various dates through April, 2033 and provide for renewal options.

In accordance with GASB Statement No, 87, the Station records leases assets and lease liabilities based on the present value of expected payments over the term of the leases. The expected payments are discounted using the interest rate charged on the lease, if applicable.

The Station has recorded right to use lease assets as a result of implementing GASB 87. The right to use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The right to use assets are amortized on a straight-line basis over the life of the related lease.

Future minimum payments on the right to use assets in effect June 30, 2022, with an initial or remaining non-cancelable term in excel of one year as of June 30, 2022, were as follows:

Year Ending	As of June 30, 2022
